I am a results-driven Front-End Developer with over 5 years of experience specializing in React.js and Next.js. I excel at building scalable web applications, integrating REST APIs, and translating Figma designs into responsive, user-friendly interfaces. I also have experience with Node.js for backend integration and development. My expertise includes SEO optimization, performance tuning, and accessibility standards, enabling me to deliver high-quality digital experiences for diverse clients globally.

PROFESSIONAL EXPERIENCE

07/2025 – 08/2026
Kochi, India

CAPITAIRE
Frontend Developer
- Designed user-friendly UI layouts and created high-fidelity interactive prototypes using Figma and Adobe Photoshop (PSD).
- Developed responsive, user-friendly web and mobile applications using React.js, JavaScript (ES6+), TypeScript, Redux, jQuery, HTML5, CSS3.
- Ensured cross-browser compatibility and mobile responsiveness using Tailwind CSS / Bootstrap
- Built reusable UI components and managed state using Redux and Context API
- Optimized application performance by 30% through lazy loading and code splitting
- Implemented smooth and interactive UI animations using AOS and GSAP, enhancing user engagement

03/2023 – 04/2025
